[Instructions for Abstract Format]

- You can use the abstract sample for overwriting.
- The length of the abstract should be 1-2 pages (for Distinguished Lectures speakers) or 1 page (for Symposium and Forum speakers), and all the abstract should be a black color.
- Correct dimensions: Please select A4 size paper on your PC and leave 35 mm margins at the top and bottom, and 20 mm margins at the left and right.
- Correct font and size : Times in 10-point font.
- Abstracts should be typed single-spaced.
- Begin title at left margin and type in all the title in capital letters. All other parts of abstract should be typed in upper and lower case.
- Please begin a new line for authors' names. Include first name, middle initial, last name (in that order).
- Place a number (in superscript) after the name of each author. This number should correspond to the author's address. Authors who share the same address should be assigned the same number. If all authors are from the same institution, no superscripts are needed.
- Please begin a new line for authors' addresses. Include complete address (with zip code or other mail code and country) for all authors.
- Do not skip a line between title and names or between names and addresses.
- Please underline the name of presenting author.
- After completing above information, please skip one line and begin text of abstract.
- Please fully justify the margins of the abstract. Do not center or indent.
- Figures, tables and references may be included (only in a black color).
